Designer Sample Kit

Designed with function in mind, the compact and stylish Designer Sample Kit allows you to showcase stunning samples in a simpler, more effective way! The new kit includes a rolling bag for easy transport to customer meetings, stocked with sales collateral and an initial inventory of 6"x6" samples to give your customers a closer look and feel of our product. It's everything you need to succeed!

Highlights Include:

- Accumulate dozens of designer samples overtime and build your inventory
- Customize your roller unit with relevant samples as needed for clients
- Travel easier with smaller samples that require less space
- Operate environmentally conscious with lower sample product costs
- Increase exposure and market coverage
- Works in tandem with our larger sample sizes
