

Whether you're seeking classic elegance, chic transitional or clean contemporary design, Feizy offers the perfect foundation pieces to anchor your rooms. With on-trend colors and designs, our rugs are fashion-forward and available in fine handmade, handwoven, hand-tufted and machine-made constructions. Colors in this catalog are for illustrative purposes only and may not represent exact rug color. Due to the handmade nature of our goods, color and size may vary.

Eco Friendly
Help reduce your carbon footprint with rugs whose fiber content contains recycled materials.

Fade Resistant
Color in all rugs eventually mellows, but these rugs are treated to resist fading longer than others.

Flatweave
Woven flat on a loom or by hand, these rugs have no pile but still manage to stand the test of time.

Hand-tufted
Handmade by rug artisans, these rugs don't rely on individual knots – greatly reducing the time to make.

Handmade
Carefully constructed using time-honored techniques, these rugs were crafted by the artisan's hands.

High Pile
Rugs with longer pile can feel softer, add dimension to your space and perform well in high traffic.

High Traffic
Based on their construction and/or fiber content, these rugs are better suited for high traffic areas.

Indoor/Outdoor
Suitable for use both indoors and out, these rugs offer the best of function and flexibility.

Layerable
Perfect to place on top of other rugs or carpet, layerable rugs offer both style and protection.

Looped Pile
These rugs are constructed with a pile consisting of uncut loops.

Low Pile
Shorter pile rugs may have fibers that are more tightly woven but are typically easier to vacuum.

Pet Friendly
Better suited for places with pets, these rugs are not damage-proof. See care instructions for more detail.

Plush
The fuller pile in plush rugs will make your feet very happy.

Reversible
One side of these rugs is just as beautiful as the other. It's like having two rugs in one!

Sheen
The fiber content in these rugs catches the light to deliver a subtle sheen.

Soft
We just wanted to point out that these rugs are decadently soft. That's all.

Stain Resistant
The fiber content in these rugs to prevent most stains (but not all) from being absorbed.

Water Resistant
Water damages rugs, but a little moisture won't bother these rugs that resist absorption.
